

A range of options, a high quality finish and all the strength you need. Get it there and back with

TANAMI 4WD PRODUCTS

If you have been waiting for the next generation in Cargo Storage Systems for your 4WD, the wait is over.

Tanami have all the features you have been looking for.

- Aluminium Frame**
- Premium Components**
- More Options**
- Lower Weight**
- Stylish Appearance**
- Better Access**

QUALITY - Tanami 4WD Products use high grade components. Note the rust proof, light aluminium frame, premium quality flush mounted locks, sealed roller bearings and plush carpet. We use stainless steel screws, bolts and nylock nuts through out. It is this attention to detail that ensures your Tanami Storage System will roll on and on.

EFFICIENCY - Utilizing both extruded and folded aluminium, Tanami Roller Drawers provide all the strength you need, without weighing in as excess baggage.

INNOVATION - Tanami storage systems provide features that have been unavailable before, such as quick access pockets and full access to the side storage compartments. We have models that feature more drawers, lower fridge slides, and longer lengths.

SAFETY - Tie down points provide extra load security in rough terrain. Stowed items can not cause injury in the event of an accident.

STYLE - Tanami Roller Drawers look so good, you will not want to take them out of your 4WD. You can extend the use of your storage system to your everyday activities, therefore getting maximum value from your investment.
